I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

Comments: I am tired of you people interfering
in our private lives. This medication is made
specifically for me in the right dosage. I can
not get it locally. Why don't you do something
honest for a change?
Get the corporations out of
private lives.
